

pants the RETAIL price of the flowers and foliage that they will use in their arrangements. The MARKUP will be built into the retail price. When the participant has determined the total arrangement cost, he or she has included the markup. Retail cost of flowers and foliage given to the participant will be determined after polling florists to determine their current retail prices on the flowers and foliage used in the event.

### RULES

This competition is open to any High School FFA chapter in Tennessee. Participation is limited to two members per chapter who will compete as a team. A chapter may compete with only one student. Members must be currently active as a student of Agriculture Education in Tennessee.

Class 01      Floral Design

Phase 1 - Identification of Plant Materials (100 points). Forty specimens from the Floriculture Plant Identification List will be displayed for participants to identify by technical and common names. A number will designate each specimen. 2 ½ points will be awarded for each specimen that is correctly identified. Each participant will be allowed 20 minutes to complete this phase of the event.

Phase 2 - Floral Arrangement (100 points) Make a \$35 Floral arrangement. The event superintendent will announce the type of arrangement during the coaches' meeting. Using the materials provided, participants will be allowed 20 minutes to complete their arrangements and itemized bills. The event assistant at the beginning of the practicum will provide partici-
