

WILD to MILD

HORSEMANSHIP DEMONSTRATION

Dr. Jason Lancaster

Dr. Jason Lancaster has been training mustangs since 2010 when he competed in his first Extreme Mustang Makeover. Every year since then, a mustang trained at Jason's Pinnacle Stables in Murfreesboro has placed in the top ten.

Although the mustang Jason is showcasing only has about sixty days worth of rides, he can be shown one-handed and knows maneuvers that most horses never learn in a lifetime.

Come out for a demonstration of horsemanship that will leave you in awe of the American Mustang's ability to go from wild to mild.
